Time

3 hours + 5 minutes extra time for cleanup

Rational

The Competitor must create a fashionable men's hairstyle for a **PROFESSIONAL SALON** serving a **GLOBAL AFRICAN** clientele.

Working on an Afro-textured mannequin, the competitor must transform the natural tight curl pattern into a **SOFT WAVE** through chemical reformation, creating a polished, contemporary finish that demonstrates **PRECISION, TECHNICAL CONTROL, and STYLING SKILL.**

The Competitor must select ONE image from the reference images provided.

A

“The reference images are available on the AI mirror”

How the design has to be achieved

Haircut

The Competitor must **REPLICATE** the haircut shown in the selected reference image.

Chemical Straightening

The hair must be **CHEMICALLY STRAIGHTENED.**

Beard

The beard must be **CUT, SHAPED, and STYLED** to complement the haircut and overall design.

Styling

The finished hair must be styled to **REPLICATE** the selected reference image.

Design requirements in the finished style

The finished hairstyle must demonstrate:

A clearly defined **LOW FADE**.

A controlled **SOFT WAVE PATTERN** achieved through styling .

A beard that is **CHEMICALLY STRAIGHTENED, CUT, SHAPED, and STYLED** to complement the haircut.

Create a smooth texture with approximately 70% - 75% straightness, while still retaining a subtle natural wave.

A polished and **COHESIVE** overall finish.
