Subject: RE: Skill51 Module 3 REQUEST FROM CUSTOMER – Performance Report

Dear Competitor,

We are requesting you to provide is with a (Target Delivery Date) TDD performance report based on the transport shipments you have managed for us in the first two quarters of 2026, from 1st Jan to 30th Jun 2026. Our intention is to use the reports prepared by each of our 3PL & 4PL providers to enhance our supply chain flows and make them more sustainable.

Our requirement is for a performance-based report, broken down per origin region per mode of transport, which displays the top 5 lanes (based on volumes of shipments) GROSS & NETT TDD's performance percentages.

We would also welcome any insights gained through your analysis which may assist B&H's efforts to strengthen our sustainability plans.

Please consider this request as urgent.

Please confirm all transport arrangements.

Please reach out if any further information is required.

Best Regards,

John Jones
