Subject: RE: Skill51 Module 4 REQUEST FROM CUSTOMER – Presentation to B&H Management

Dear Competitor,

Following your successful completion of the Q1 and Q2 shipment reporting (within module M3), our senior leadership team has requested that you deliver a short, in-person live presentation to an audience of our Logistics and Supply Chain Managers.

We view this as an excellent opportunity for you to engage directly with our management team and to further strengthen our existing customer/vendor relationship.

Your presentation should be delivered using a Microsoft PowerPoint slide deck.

Please note the following expectations:

- The main theme of your presentation should focus on sustainability and future-state routing that will potentially deliver efficiencies across our busiest transport lanes (by volume of shipments)
- The number of slides is not restricted; however, a professional and logically structured arrangement is expected
- Your presentation should be no shorter than 12 minutes & should not exceed 15 minutes in duration
- Please be prepared to respond to questions relating to the content of your slides

For your convenience, a slide template has been provided, which you are requested to use for all presentation slides.

We look forward to your presentation.

Please reach out if any further information is required.

Best Regards,

John Jones
