POST-FLIGHT CHECKLIST

Complete after every session

Pilot Name	Date

1. AIRCRAFT SHUTDOWN

- ☐ Aircraft landed safely inside cage
- ☐ Aircraft powered off after controller
- ☐ Controller powered off first
- ☐ Battery removed from aircraft

2. EQUIPMENT INSPECTION

- ☐ Propellers removed/checked for damage after flight
- ☐ Battery inspected — no swelling, heat, or damage
- ☐ Airframe checked for cracks or loose parts
- ☐ Battery placed in fire-safe storage / LiPo bag

3. CAGE & AREA

- ☐ Aircraft and all parts retrieved from cage
- ☐ Cage closed after exit
- ☐ Cage floor clear of debris or dropped items

4. NOTES

Issues Encountered / Damage

Notes for Next Flight

Always remove and safely store the battery before leaving the flight area.
